Dear NCC Family:

I pray this letter finds you committed to living a life of defiant faith and continually trusting in the name of the Lord JESUS—our, Savior, our Source, and our Place of Refuge.

I wanted to reach out to you once again to update you concerning our organizational posture during this COVID-19 crisis. This past weekend, we were blessed to have three glorious services in Dothan and Montgomery (and online for our Community City Campus) where we worshipped, prayed, and heard the Word of the LORD. We all left with increased faith, strong spirits, and better equipped to handle this season that is upon us.

As you may have heard, the President of the United States and his Coronavirus Task Force (along with the Governor of Alabama) issued new guidelines to help protect America during this global outbreak. These new measures recommend gatherings of no larger than 10 people as the new guideline for social distancing.

As a result, after prayer and extensive discussion, we have determined to move all of our services online beginning immediately. Please understand that our faith is neither shaken nor diminished. Our desire is to assist the medical community in hindering the spread of this disease and to comply with governmental guidelines. This in no way hinders our faith GOD's ability to move on our behalf.

Our GOD is limitless in power and has an agenda to turn this crisis around and work it for our good. Please download the NCC Family app and follow my social media pages—as well as the Northview Christian Church page, for updates and online service times.

We will get through this together. Stay connected! Stay in faith! Resist the spirit of fear and don't panic. As I've said before, Satan always overplays His hand. And GOD always has the last word.

Grace and Peace,

Pastor Hart Ramsey
